EDUCATION

42 Vienna

Software Engineering

sept 2023 - feb 2025

42 School is a project-based coding school where students learn through real-world projects and peer collaboration. It emphasizes creativity, critical thinking, and hands-on experience in software development.

University of Debrecen

BSc in Computer Science

2018 - 2020

I learnt about the fundamentals of computers, programming, databases, algorithms, mathematics, etc. completed 3 semesters.

Magura Govt. High School

2010 - 2014

Science - GPA 5/5

LANGUAGES

English - Upper Intermediate
Bengali - Native
Hindi - Fluent Speaking
Hungarian - A1+
German - A2 Ongoing Course

SIDE PROJECTS

Easy-Austria : Mobile App

File to QR : Web app

Teck stack used: Python, HTML, CSS, FlutterFlow, Firebase etc.

[Source codes are available on Github and Gitlab](#)

PROFILE

As a software engineering student at 42 Vienna, I am deeply passionate about hands-on learning and solving real-world challenges through technology. I am now ready to enter the corporate world and eager to learn new skills that solve real-world problems. I am highly adaptable and can easily integrate into new environments. At 42, I have developed various soft skills in addition to coding and programming. We focus on following documentation, evaluate each other's projects, learn new tech in short time, and work together as a team to complete projects. I'm open to any kind of opportunities.

PLEASE NOTE: I've a valid work permit.

SKILLS

Programming: C/C++ (2 years+), Python, Javascript

Tools: Github, Github Action. Docker, Docker-compose

IDE: Visual Studio Code.

Script: Makefile, Shell, Python

OS: Linux, Windows, MacOS

Debugging: CodeLLDB, GDB.

Web: HTML, CSS, Tailwind CSS, Bootstrap.

Soft Skills: Problem Solving, Agile, Punctual

Team worker, Good in Communication, adaptable.

VOLUNTEERING WORK

Tutor at 42 Vienna

2025 - Now

Code review, Workshop, Exam supervising for new students

CERTIFICATIONS

GitHub Foundations Certification - 2025

RBI Agile Engineering Foundation (Certificate of participation) - 2024

CCNA System & Networking (CISCO Certification) - 2018

PROJECTS FROM 42 VIENNA

libft(useful C library), so_long(2D game in C), minishell(simplified bash in C), philosophers(multi-threads in C), cub3d(raycasting 3D game in C), C++ Piscine, Inception (Docker), webserver(c++). ft_transcendence (HTML, CSS, Python, Javascript)
